

## perform needle or surgical cricothyrotomy procedures

### Life/form® Cricothyrotomy Simulator

- Paramedics, EMTs, combat medics, flight nurses, anesthesiologists, and other emergency medical personnel will have the opportunity to strengthen ability and confidence to perform or assist in implementing surgical airways
- Anatomically accurate landmarks aid in site training and allow for fast action
- Hyperextended neck allows the user to determine the proper incision site
- Trachea in the simulator is replaceable, as the airway passes completely through from top to bottom
- Allows checking the stylet and obturator placement once the incision has been made
- Complete with a chin and full-size neck, ties can be used to hold the obturator in a secure position
- Inflation of the simulated lung verifies correct placement
- Includes the simulator with base, 6 replaceable neck skins, 6 adult trachea inserts (4 rigid, 2 soft), 6 child trachea inserts (4 rigid, 2 soft), 1 simulated lung, instruction manual, and hard carry case
- 5-year warranty

**LF00994U** Sh. wt. 20 lbs.
